Description: The Collaborative Toolbox is a 'one stop shop' of tools and resources created and curated by members of the Child and Youth Mental Health and Substance Use (CYMHSU) Collaborative. Whether you're interested in working with local schools, planning events, implementing the new ER protocol in your local hospital, or ACEs in your practice, the tools and resources are all available. The goal is to make it easy to share successful strategies for CYMHSU from anywhere in the province.
